## Tuesday, 1 November 2016

Premium Suites 1,2,3	
0900-1000	Esri Plenary—ArcGIS: A Platform for Business
1015-1030	Networking Break—Partner Exhibition
1030-1200	Esri Plenary ( <i>continues</i> )—ArcGIS Technical Update: Providing Power and Flexibility
1200-1330	Hosted Lunch—Dining Area
Premium Suite 1	Premium Suites 2, 3
Technical Updates	Data Management and Sharing
1330-1400	Copernicus, Imagery and Beyond— Transforming Data Into Valued Information
1400-1430	Drone2Map for ArcGIS
1430-1500	Networking Break—Partner Exhibition
Technical Updates	Upstream Workflows
1500-1530	3D—ArcGIS Pro, ArcGIS Earth, Scene Services (1500-1600)
1530-1600	Keeping an Eye on the Neighbours: Utilising Shell's GIS Enterprise Environment to Manage New Business Development Opportunities for UK Exploration
1600-1630	Apps for the Office
	TEN Offshore Ghana: The Application of GIS through Subsea Design to First Oil

# Wednesday, 2 November 2016

	Premium Suite 1	Premium Suite 2	Premium Suite 3
	<b>Technical Updates</b>	<b>Pipeline</b>	<b>Geoscience Workflow</b>
0900–0930	Introducing ArcGIS Enterprise 10.5	ArcGIS for Pipeline (0900–0945)	GIS in Shale Gas Development— Practical Applications <i>IGas Energy</i>
0930–1000	Web AppBuilder for ArcGIS	PODS Next Generation (0945–1000)	Integration and Analysis of Earth Observation Data for Exploration in the East African Rift <i>Tullow Oil</i>
1000–1030	Networking Break—Partner Exhibition		
	<b>Technical Updates</b>	<b>Pipeline Workflows</b>	<b>Image Management</b>
1030–1100	Workforce for ArcGIS	Field Mobility: Utilising OOTB Apps for Custom ILI Field Activities <i>ROSEN Group</i>	Integration of Image Services into Repsol's GIS Infrastructure and Workflows <i>Repsol and DigitalGlobe</i>
1100–1130	Navigator for ArcGIS	GIS and Augmented Reality in Pipeline Field Activities <i>OverIT</i>	Sea Surface Slicks Trends in the Mid North Sea High <i>Spectrum Geo</i>
1130–1200	Collector for ArcGIS and Survey123 for ArcGIS	Pipeline As-Built Drone Support	Earth Observation for Oil and Gas <i>ACGeospatial</i>
1200–1330	Hosted Lunch—Partner Exhibition		
	<b>Technical Updates</b>	<b>New Development Approaches</b>	<b>Data Management</b>
1330–1400	Managing Real-time Data Feeds	Optimising the Use of EO Datasets and Solutions for Exploration Challenges <i>CGG</i>	E&P GeoSiTe Digital Transformation in Repsol <i>Repsol</i>
1400–1430	Operations Dashboard for ArcGIS	Data Naming Conventions: A Geo 'Logical' Approach! <i>Getech</i>	Landing the Business Case for a GIS Platform <i>Wood Mackenzie</i>
1430–1500	Insights for ArcGIS	Integrating BIM and GIS for Informed Decision-Making <i>UCL</i>	Bringing OGA Subsurface Data to Portal for ArcGIS <i>Geocap</i>
1500–1530	Networking Break—Partner Exhibition		
1530–1600	Closing Session
