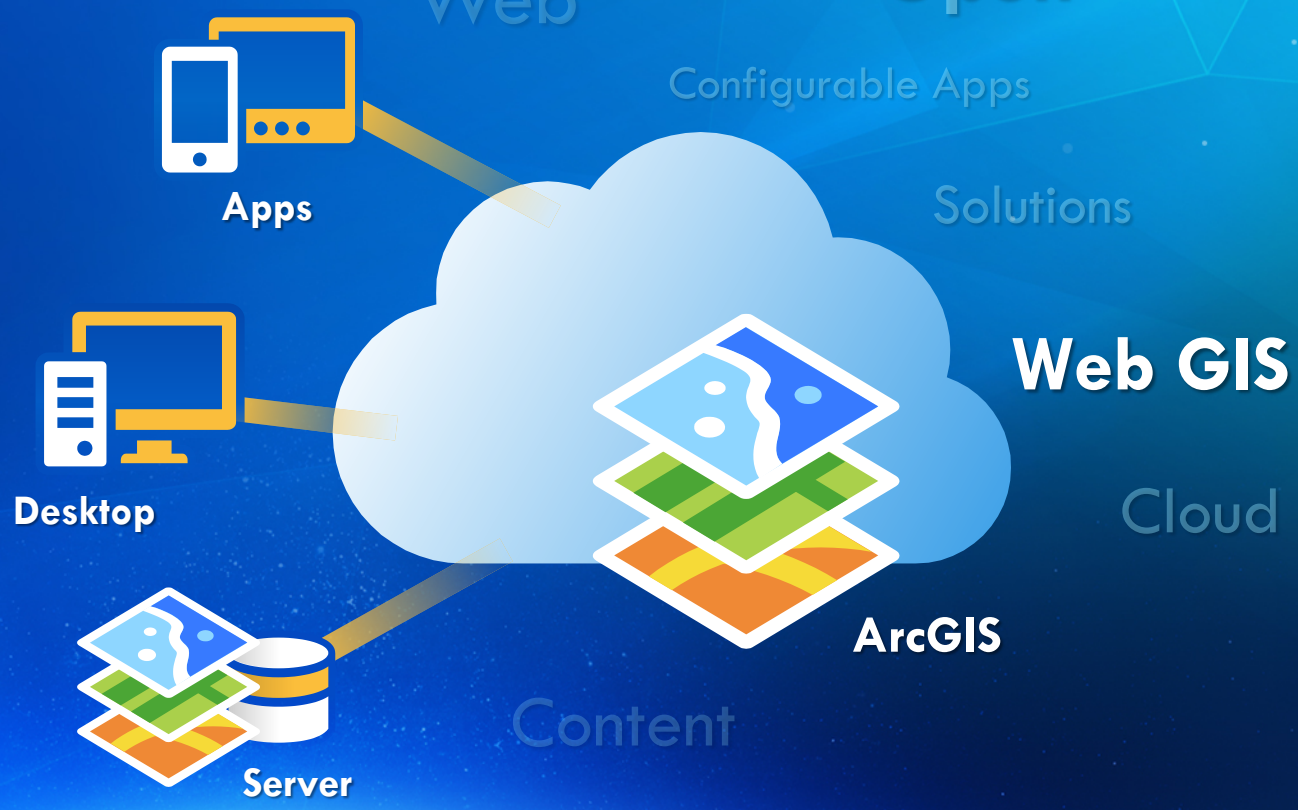
GIS Has Evolved

Your GIS is an Interconnected Platform



Bringing Together Data, Technology, and People . . .

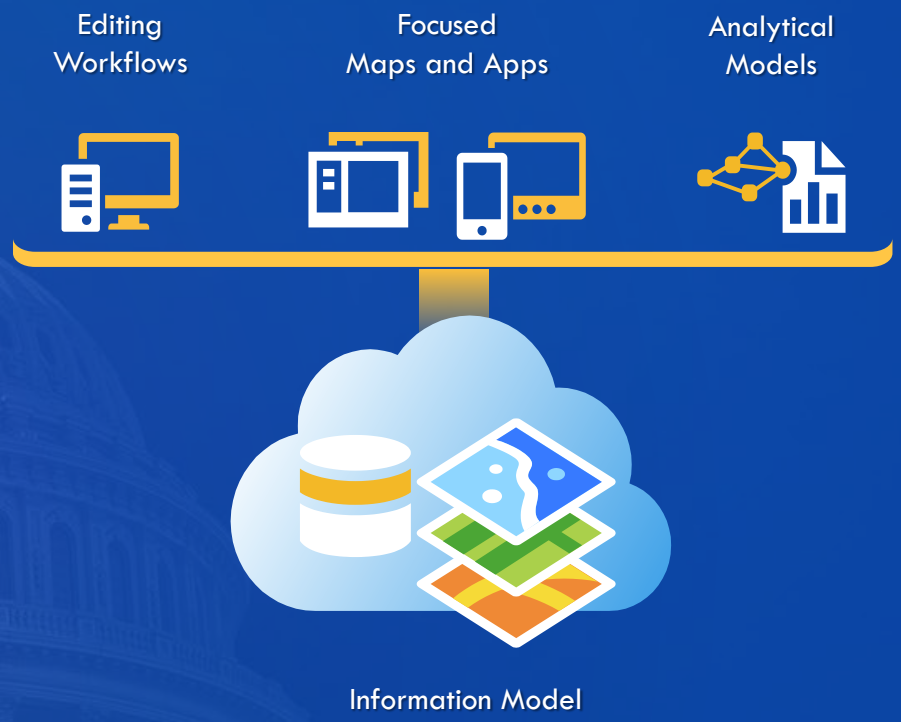
. . . Creating a Framework for Solving Complex Problems

Challenges

- Streamline and coordinate field operations (data collection and monitoring)
- Increase data analysis
  - So much time spent on field operations, this suffers
- Effective reporting workflows
- Educate and engage the public

ArcGIS Solutions | State and Local Government

- Collection of useful maps and apps
  - Configurable and extensible
  - Freely available and fully supported
- Community of users
  - Best Practices / Implementation Support
- Network of Esri Services and Partner offerings
  - Help users implement, sustain and enhance



…Improving government operations and enhancing services provided to the public

Mission

- Deliver maps and applications quickly throughout their organization
  - Roadmap for standard capabilities, improve service delivery, expand reach, innovation….
- Stay current with future releases / avoid legacy technology
  - Save time and money, leverage new ArcGIS offerings, focus on complex or unique problems….
- Unlock geospatial platform so it can be leveraged by many
  - Mitigate many organizational challenges, maximize technical expertise….
- Leverage the collective knowledge of the entire community
  - Best practices, industry tradecraft….

Recreation License Dashboard
The Recreation License Dashboard is a configuration of Operations Dashboard for ArcGIS that can be used by Fish and Wildlife Coordinators to visualize the locations of outdoor recreation license holders and help target communities for reactivaton and retention campaigns.
Use the filters below to see areas of lowest license retention and reactivation by specific geography and year.

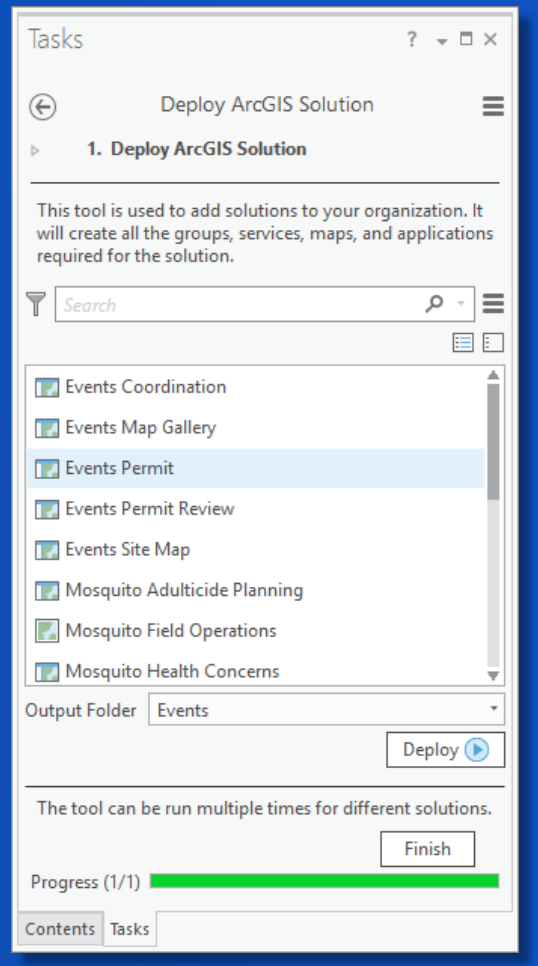
Simple Deployment Approach

ArcGIS Solutions Deployment Tool

- ArcGIS Pro Add-in
  - Discover, deploy and configure solutions in an ArcGIS Organization

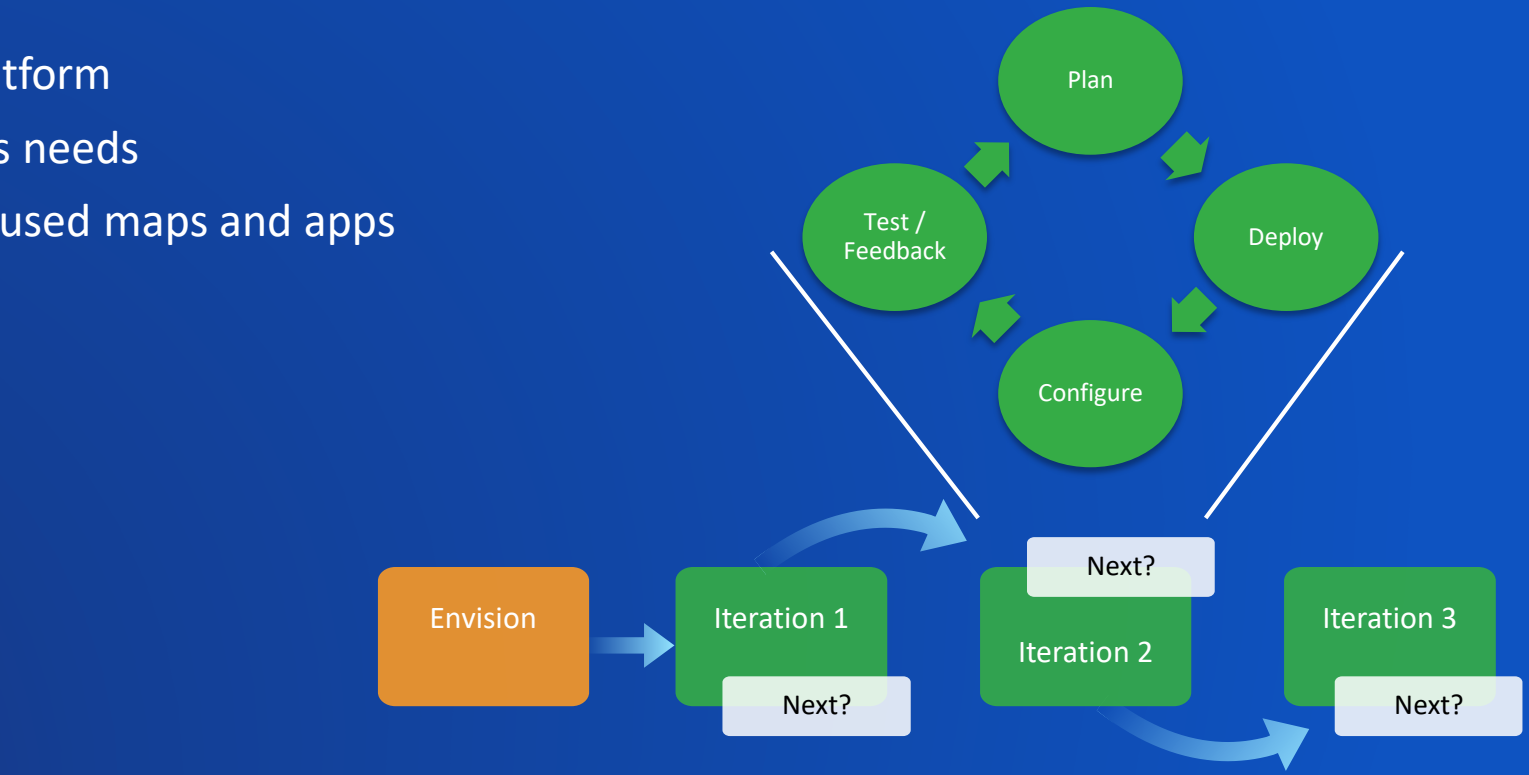
- Help users:
  - Discover solution offerings available
  - Deploy the services, maps, and configurable apps
    - One, or more, solution offerings
    - Without sample data
  - Configure the solution to meet their specific needs
    - Add fields
    - Modify field domains and aliases
  - Load data (if required)



How do I get started?

Leverage solution offerings to maximize technical expertise and minimize deployment time

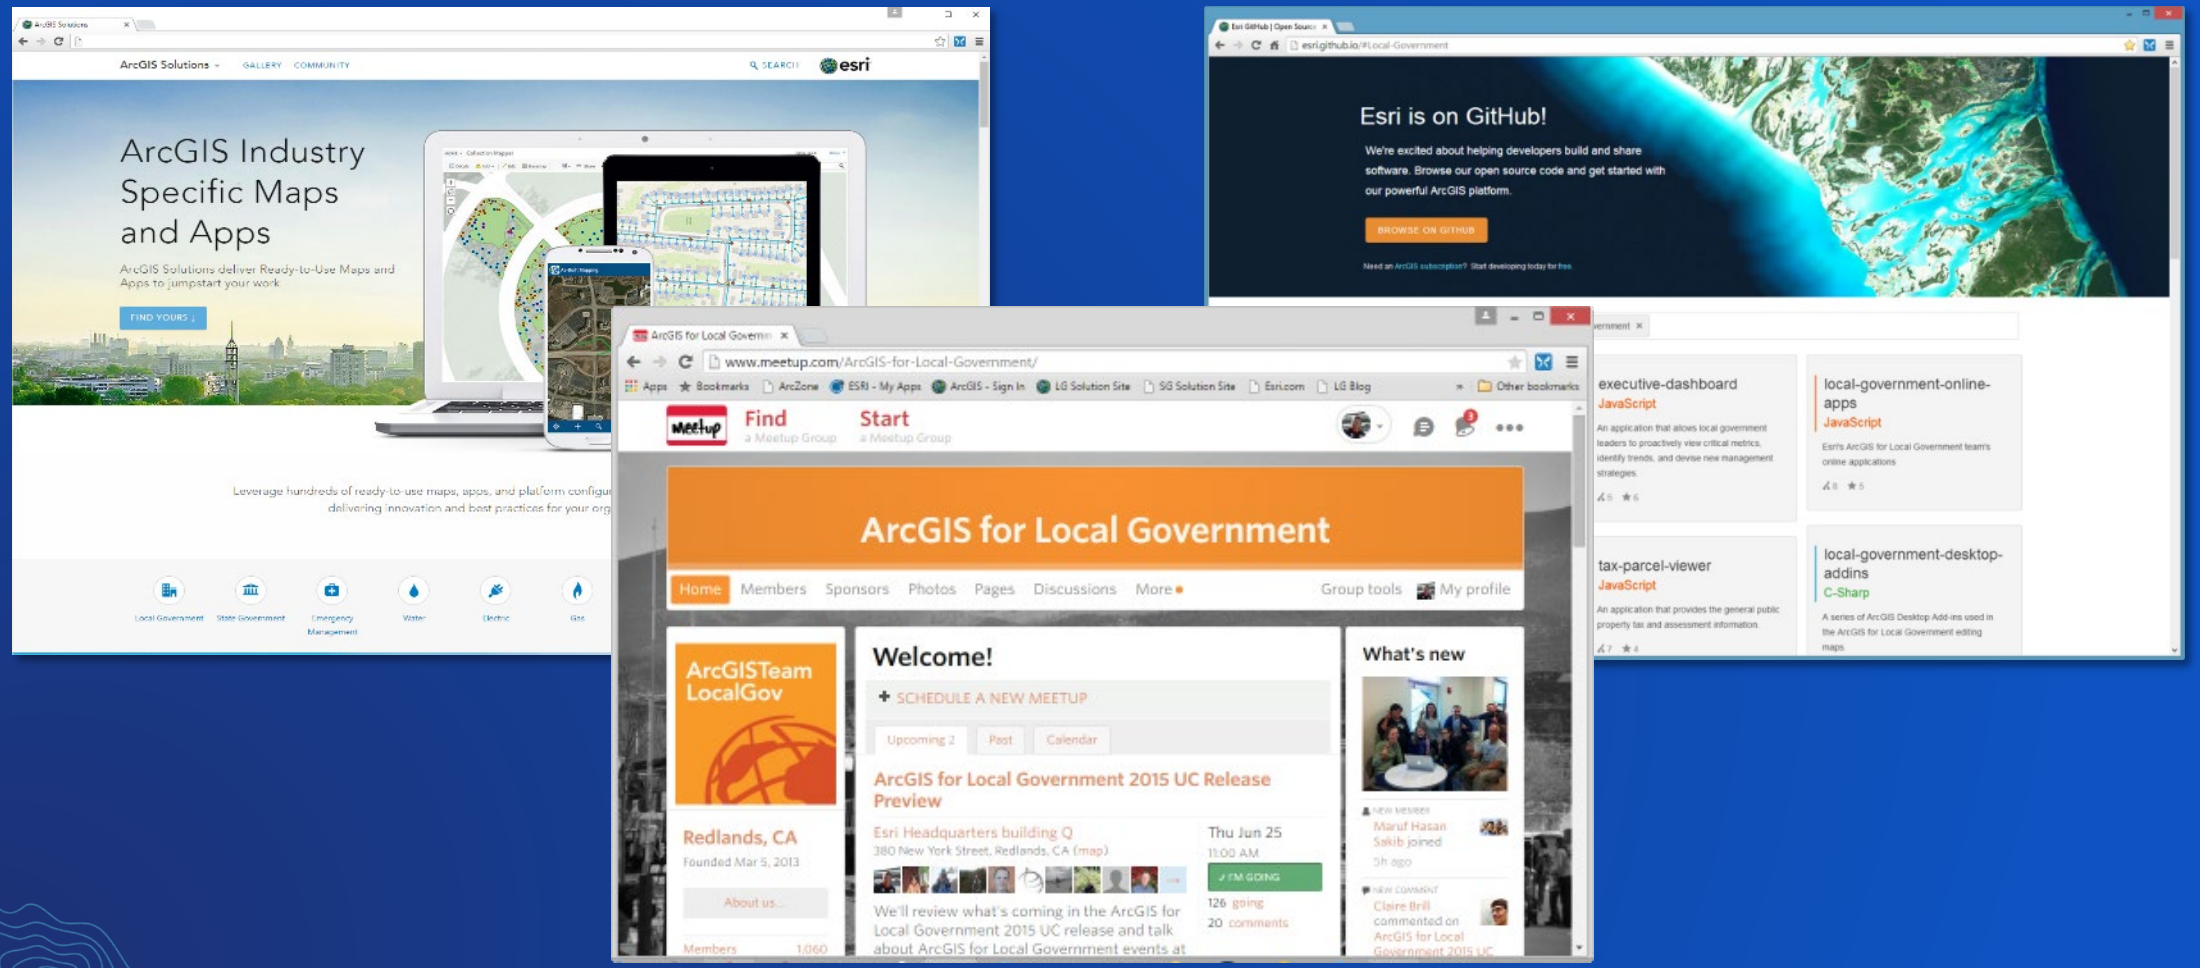
- Deploy quick wins
  - Configure your mapping platform
  - Align with strategic business needs
  - Implement one or more focused maps and apps
  - Organize your data
  - Iterate….



…embrace an agile implementation approach

The Community

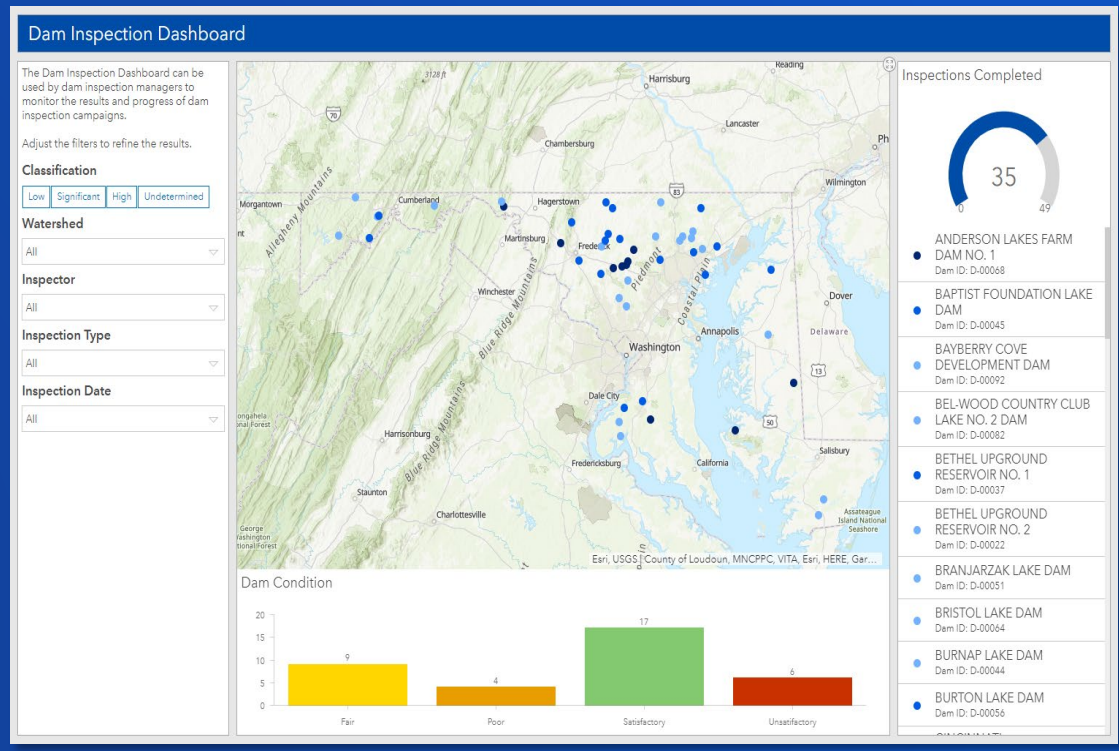
It's not just about the technology



Road Ahead

Continuously Evolving Solution Offering

- New Solutions
  - Forest Legacy
  - Trails (part of larger R3 effort)
- Updating Solutions
  - Monitor Invasive Pests
  - Best Management Practices
- ArcGIS Hub Initiatives
  - Increase Recreation Participation (R3)



Closing

- Deliver solutions that enable your success
  - Easy to deploy and sustain
- Evolve and grow the collection of solutions
- Engage the user community
- Provide a foundation for partners
  - Enable organizations, deploy additional solutions

Thank you
