Licensing Terms of Use Documented Changes

Document Updated: E300 – Product Specific Terms of Use

Date of Update Implementation: September 29, 2020

Overview: The Product Specific Terms of Use (E300), have been updated to reflect changes due to updated Esri policies, and clarification language derived from Esri Product Management and customer requests.

Sections(s) Impacted: Impacted with contextual, clarification, grammar, or terms & Conditions changes, which will impact future version use.

General Changes: *Most changes are grammatical changes or updates to wording to allow for better flow of what the statement is supposed to imply. Major changes described below.*

PRODUCT SPECIFIC TERMS OF USE

Where: Online Services

Change:

- ArcGIS ~~Analytics for IoT~~Velocity (25)

    Why: Product name change.

Where: Footnote 25

Change:

25.   An ArcGIS Velocity subscription includes a given storage and compute or item capacity as described in the Ordering Document. As Customer creates ArcGIS Velocity services, compute and storage capacity is utilized, up to the total capacity available. Customers of the ArcGIS Velocity Advanced license level may purchase a limited number of ArcGIS Velocity Item Units and ArcGIS Velocity Storage Units to augment their capacity. Customers of the ArcGIS Velocity Dedicated license level may purchase additional ArcGIS Velocity Storage Units and ArcGIS Velocity Compute Units as needed. Esri will notify Customer's subscription account administrator when Customer's compute consumption reaches approximately 75 percent or when storage consumption reaches approximately 50 percent of the capacity allocated to Customer through Customer's subscription. Esri reserves the right to suspend Customer's creation of additional ArcGIS Velocity services or suspend existing ArcGIS Velocity services if Customer has utilized all its compute or storage capacity. Esri will promptly restore Customer's access to its ArcGIS Velocity services once Customer has purchased additional ArcGIS Velocity Compute, Item, or Storage Units

    Why: This footnote is substantially similar to the previous footnote 25. Some clarifications have been made as well as updates reflecting the new Product name (ArcGIS Velocity).

Where: Footnote 77

Change:

77. Includes a Commercial App Deployment license~~, which enables Customer to make Value-Added Applications available to third parties for a fee~~. All revenue-generating Value-Added Applications are required to use API keys when accessing ArcGIS Location Services. A Commercial App Deployment License is not required for a revenue-

generating Value-Added Application using API keys. Customers who are in in the process of migrating their Value-Added Applications to use API keys must have a Commercial App Deployment License when generating revenue from Value-Added Application(s) that are not using API keys to access ArcGIS Location Services.

Why: This footnote clarifies what is required to provide Value-Added Applications using ArcGIS Location Services, which is a new Esri Offering, to third parties for a fee.
