**ADDENDUM 1
SOFTWARE TERMS OF USE
(E300-1)**

This Software Terms of Use Addendum ("Addendum 1") sets forth the terms of Licensee's use of Software and includes the Licensee's existing master license agreement, if any, or the License Agreement found at <http://www.esri.com/legal/software-license> (as applicable, the "License Agreement"), which is incorporated by reference. This Addendum 1 takes precedence over conflicting General License Terms and Conditions of the License Agreement.

SECTION 1—DEFINITIONS

Software may be offered under the following license types as set forth in the applicable sales quotation, purchase order, or other document identifying the Products that Licensee orders:

1. "Concurrent Use License" means a license to install and use the Product on computer(s) on a network, but the number of simultaneous users may not exceed the number of licenses acquired. A Concurrent Use License includes the right to run passive failover instances of Concurrent Use License management software in a separate operating system environment for temporary failover support.
2. "Deployment Server License" means a full use license that authorizes Licensee to install and use the Software for all uses permitted in the License Agreement and as described in the Documentation.
3. "Development Server License" means a license that authorizes Licensee to install and use the Software to build and test Value-Added Applications as described in the Documentation.
4. "Esri Client Software" means ArcGIS Runtime apps, ArcGIS for Desktop, and ArcGIS API for Flex apps.
5. "Esri Content Package" means a digital file containing ArcGIS Online basemap content (e.g., raster map tiles, images, vector data) extracted from the ArcGIS Online Basemap Services.
6. "Single Use License" means a license that allows Licensee to permit a single authorized end user to install and use the Product on a single computer for use by that end user on the computer on which the Product is installed. Licensee may permit the single authorized end user to install a second copy for end user's exclusive use on a second computer as long as only one (1) copy of Product is in use at any time. No other end user may use Product under the same license at the same time for any other purpose.
7. "Staging Server License" means a license that authorizes Licensee to install and use the Software for the following purposes: building and testing Value-Added Applications and map caches; conducting user acceptance testing, performance testing, and load testing of other third-party software; staging new commercial data updates; and training activities as described in the Documentation. Value-Added Applications and map caches can be used with Development and Deployment Servers.
8. "Term License" means a license or access provided for use of a Product for a limited time period ("Term") or on a subscription or transaction basis.
9. "Perpetual License" means a license to use a version of the Product, for which applicable license fees have been paid, indefinitely, unless terminated by Esri or Licensee as authorized under this Agreement.
